WRITING

Participant's ID number

As 9 2 1 4 6

As Aristotle once said, "A friend to all is a friend to none."
I understand this statement in a following way: a person, who maintains
good relationship with everyone cannot be trusted and won't make
a good comrade. I agree with Aristotle's ~~and~~ ^{opinion} ~~point~~ to a certain
point.

While it is true that people, who try to win everybody's sympathy
and be friends with everybody ~~are~~ ^{often} ~~often~~ turn out to be hypocritical
and ~~often~~ ^{egotistical}, in other words they only do that to satisfy their own
needs, ~~but~~ this kind of behaviour is not necessarily something
that should be viewed negatively. Some people are just very
~~open~~ ^{friendly} and easy-going, they do not have any bad intentions.
In most cases it is hard to tell apart these two types
of "everybody's friends".

~~Because of this~~ ^{therefore}, I personally tend to think lightly of people
like this. Being friends with everyone, despite having all those
differences in interests, origin, age, etc, is something I will never
understand. ~~Therefore~~, It makes sense to me, that the person
is ~~at~~ ^{just} ~~to~~ ^{using} ~~go~~ their so-called friends for ~~their~~ ^{his} own
purposes.

Summing up, I can honestly say that ~~express~~ ^{express} have
Taking everything into consideration, I ~~state~~ ^{state} a
similar opinion to ^{the one that} Aristotle's ^{expressed in his statement,} though I ~~acknowledge~~ ^{acknowledge} don't exclude
the existence of exceptions. Unfortunately, there are more people
who use others for personal profit, than the ones who actually have
good intentions.
